

Shared Storage for Sun Solaris Using UltraSCSI Hubs

Application Note

EK-SMA18-AN. A01

Visit Our Web Site for the Latest Information

DIGITAL is continually making additions to our storage solution product line. For example, new UltraSCSI hubs with additional ports are currently being developed. Please check our website for more information on our UltraSCSI product line as well as the latest drivers, technical tips, and documentation. We can be found in the technical area of our web page:
