

Sun Fire™ E2900/V1280 and Netra™ 1280 Systems Filter Installation Guide

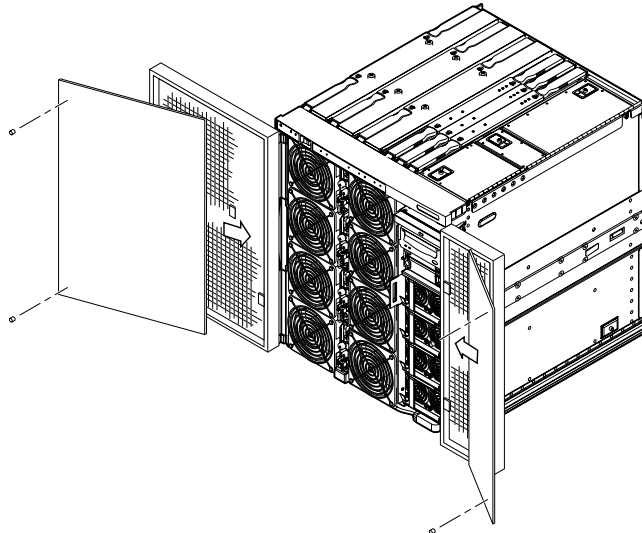

You can clean or change the air filters without powering off the Sun Fire™ E2900/V1280 or Netra™ system.

Caution – Do not clean the air filters while they are attached to the system.

Removing and Replacing the Air Filters

1. Remove the plastic pins (2) that hold each filter to the inside of the system door, then remove the filter. Be careful that you do not remove the plastic sockets as well as the pins.

2. Install the new filters and replace the plastic pins.
